

# INTRODUCTION

This service manual has been prepared to provide necessary information concerning the maintenance and repair procedures for the NISSAN FORKLIFT TB45 Engine.

- Applicable models:
  - F04 series
  - F05 series
  - 1F4 series

Any changes effected in the series after publication of this service manual will be announced in a technical bulletin. It is, therefore, recommended that each relevant technical bulletin be inserted in front of each section and be used together with the service manual as a reference.

If a new model requires different service methods or has undergone a major change, revised sections will be issued to replace the applicable sections. Each revised section will include the description of how to service the parts for the former specifications. The publication of a revised section will be announced in the technical bulletin.

This service manual consists of eight sections as shown in the following table, which gives the updated symbols. When a revised service manual is issued, this "INTRODUCTION" sheet should be replaced with a revised one.

Section	Symbol
ENGINE GENERAL	(EG)
ENGINE TUNE-UP	(ET)
ENGINE MECHANICAL	(EM)
ENGINE LUBRICATION	(LU)
ENGINE COOLING SYSTEM	(CO)
ENGINE CONTROL	(EC)
ENGINE FUEL SYSTEM	(FL)
ENGINE ELECTRICAL SYSTEM	(EL)

Edition: December 2008
